We hope we can assist and give you a great idea of what we are all about. Have a look, we promise that you will be satisfied. In the recent year, the real estate industry has witnessed tremendous growth with the ever increasing demands of properties for industrial and residential purposes. The role of real estate agents had become more significant in such transactions. Usually the primary role of real estate agent is to act as a bridge between the seller and the buyer. But the challenging scenario has led to the precedents where buyers and sellers prefer separate real estate agents so as to obtain impartial and specialized services. We are committed to quality and make sure that our customers are 100% satisfied. We look forward to serving you and having great experience. Khushbakht Property Network has been perfecting a smarter approach to Real Estate and Construction focus on the need, concerns, hopes and dreams of our customers. We Provide our service in Islamabad, Karachi and Gawadar.

Islamabad

Islamabad is one of the most beautiful Capital city of the world. Lavish wide roads, green Margalla Hills, beautiful Faisal Masjid, Lake View park, Monument and many sky high shopping malls make Islamabad more attractive for the visitors from inland and all over the world. It is a region-wide symbol of progress, innovation and architectural marvel. There has been a steady growth in the population of the city, which has swelled to somewhere in excess of a million inhabitants, and city is the fastest growing urban settlement in the country. There is an increased interest in the city from both the public and private sector as well as a renewed drive from multinational foreign investors. This has caused a growth in the economy, produced employment at all levels and ensured development, owing to all these factors.

B-17 Features

B-17 (MPCHS) is a masterly planned area surrounded by natural beauty, affording breathtaking view of the Margalla Hills. It would give feelings of dream coming true for those who prefer a serene community. Under neat and clean environment, the scheme would prove a project of its own class.
